

Product Guide

Introduction

Since being formed in 1997, our express purpose has been to provide customers throughout the U.K. and Ireland with exceptional service and value in every sector in which we operate including export. This aim extends to all those involved with our products, from specifiers and designers to stockists, contractors and end users. Our large and diverse customer base includes Roofing, Timber, Agricultural and Builders' Merchants.

Thanks to feedback from such a wide variety of sources the Cromar range has seen significant developments since the production of our last brochure. We now also enjoy a partnership with Unimer, NMBS and NFRC. This, we are sure, will provide much needed choice to members in sectors of the building products market where acquisitions and mergers have brought about a marked reduction in the number of suppliers.

Cromar Building Products is independently owned, and, as such we take pride in encouraging and responding quickly to new and changing demands placed upon us. This is why we now supply one of the largest ranges within the industry.

Heavy weight performance. Lightweight bottle.

Pro-Mix is a range of concentrated admixtures and colourants which are dispensed from a no spill 25ml dose system. **1 litre makes 25 litres of the admixture. | The 250ml is equivalent to 6.25 litres of the admixture**

PRO-MIX MORTAR PLASTICISER

Works like the best traditional admix. Superior plasticising action, controlled dosage, consistent mix design, easy to use, no waste.

PRO-TONE CEMENT COLOURANT

A colourant that enables accurate colour matching and consistency, between mixes of mortar. Fast colouring formulation, controlled dosage, consistent mix design, easy to use, no waste.

Colours:  Red |  Black |  Brown

PRO-ACCEL ACCELERATOR AND FROSTPROOFER

A one shot, accelerator and frostproof. Fast acting formulation, controlled dosage, consistent mix design, easy to use, no waste.

PRO-REND 3 in 1 render additive

A plasticiser, waterproofing agent and salt inhibitor designed specifically for use with Renders. Waterproofs, plasticises and retards, controlled dosage, consistent mix design, easy to use, no waste.

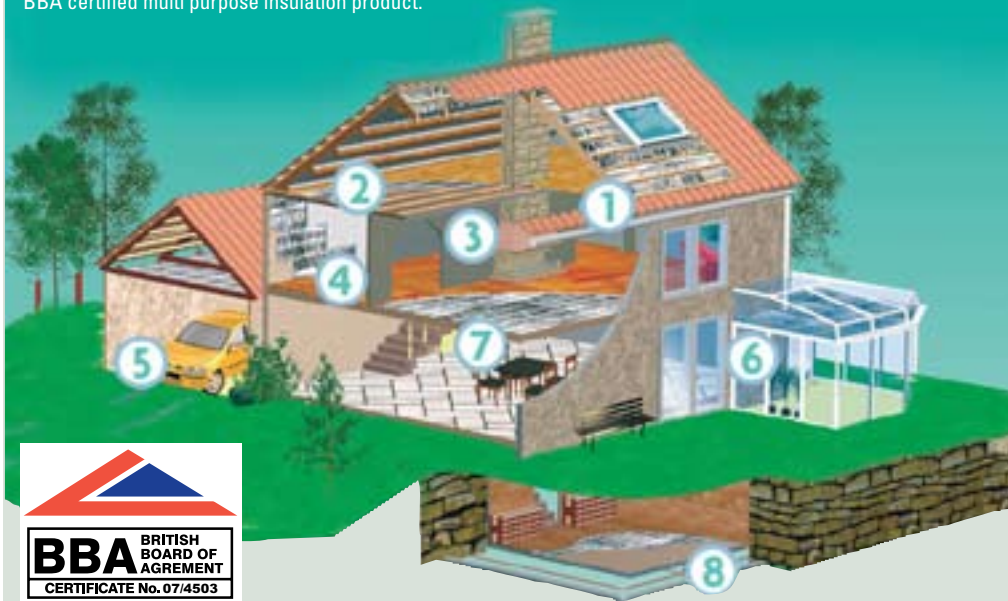

PRO-PROOF INTEGRAL WATERPROOFER

A plasticiser, waterproofing agent and salt inhibitor all in one. Waterproofs, plasticises and retards, controlled dosage, consistent mix design, easy to use, no waste.

Airflex® Insulation

BBA certified multi purpose insulation product.

Applications

- ① Over rafters
- ② Under rafters
- ③ Under wooden floor
- ④ Interior walls / under exterior cladding
- ⑤ Garage
- ⑥ Conservatory
- ⑦ Under parquet flooring
- ⑧ Under screed

Benefits

- Lightweight
- Easy to cut and install
- Complete with self adhesive strip
- Prevents roof over-heating in summer.
- Retains warmth in winter.

15m²
Per roll

ROOFING UNDERLAYS

THE VENT3® RANGE BREATHABLE MEMBRANES

VENT3®

A high performance breathable roof underlay for cold and warm roof application requires no ventilation.

- IAB & BBA certified
- Cold & Warm roof application
- 3 layer spun-bonded membrane
- Clean and easy to use
- Excellent tensile strength
- No gusting wind noise
- UV stable for up to 3 months
- Excellent nail tear resistance
- Weight 135 gsm

Roll sizes available: 15m x 1m | 25m x 1m | 50m x 1m | 50m x 1.5m

VENT3® Classic

A lightweight breathable roof underlay for cold and warm roof applications which give major benefits over traditional roof underlays.

- IAB & BBA certified
- Cold & warm roof application
- 3 layer spun-bonded membrane
- Clean & easy to use
- Lightweight & flexible
- Excellent tensile strength
- Light grey surface prohibits glare
- UV stable for up to 3 months
- Requires no ventilation
- Weight 115 gsm

Roll sizes available: 15m x 1m | 25m x 1m | 50m x 1m | 50m x 1.5m

VENT3® Light

An economy breathable roof underlay for cold and warm roof applications which give major benefits over traditional roof underlays.

- IAB & BBA certified
- Cold & warm roof application
- 3 layer spun-bonded membrane
- Clean & easy to use
- Lightweight & flexible
- Excellent tensile strength
- Light grey surface prohibits glare
- UV stable for up to 3 months
- Requires no ventilation
- Weight 95 gsm

Roll sizes available: 15m x 1m | 25m x 1m | 50m x 1m | 50m x 1.5m

PROTECTIF®

Is a non breathable roof underslating which gives major benefits over plastic and traditional 1F bitumen based underslating felt.

- Clean and easy to use
- Lightweight
- Excellent tensile strength
- No mess
- Timesaving over bitumen based 1F
- Completely waterproof
- Temporary cover for up to 3 months
- Anthracite colour surface prohibits glare
- UV and heat stable
- No gusting wind noise
- Excellent nail tear resistance

Roll sizes available: 15m x 1m | 30m x 1.5 | 45m x 1m

Part of our manufacturing facility in the membrane division

RENOCOAT

WATER BASED ROOF TILE RENOVATION PAINT

RENOCOAT

WATER BASED ROOF TILE RENOVATION PAINT

A water based roof tile renovation paint is a quality acrylic coating to give a long lasting protective & decorative finish on slate and concrete roof tiles. RENOCOAT is suitable for use on all exterior roofs and has excellent adhesion properties on porous surfaces.

Sizes: 5kg & 20kg

Colours available

Slate Grey

Red

Green

Dark Brown

Light Brown

Terracotta

CROMASOL

REFLECTIVE PAINT FOR USE WITH ASPHALT

CROMASOL
Solvent based reflective coating for use on bituminous surfaces. Can be used on roofs that are subject to standing rain water.

Colours:
Grey | White

Sizes:
5.0 | 20.0

AQUAFLECT

WATER BASED WHITE REFLECTIVE PAINT

AQUAFLECT
ECO-FRIENDLY water based reflective coating for use on bituminous surfaces. Can be used on roofs that are not subject to standing rain water. Summer use only.

Colours:
White
Sizes:
5.0 | 20.0

CROMAPOL ONE COAT INSTANT WATERPROOFING

Cromapol will waterproof instantly, even while wet, and will not wash off while curing. It is ideal for use in damp conditions, will withstand ponding and covers in only one coat without the use of a primer.

WATERPROOF PROTECTION OF:

- Flat and pitched roofs
- Corrugated asbestos
- Roof lights
- Flashing
- Roofing felts
- Gutters
- Slate
- Asphalt
- Lead
- Glasshouses
- Metal
- Fibreglass

Cromapol Advantages

- Great adhesion
- Application in damp weather
- Instant protection
- No wash off
- Excellent solar reflectivity
- reinforced membrane
- Application in one coat
- Seamless
- Fully flexible
- Indefinite shelf life
- Unaffected by temperature
- Economical

Sizes

1kg | 2.5kg | 5kg | 20kg | 310ml tube

BITUMEN PRODUCTS

WATERPROOFING AND ROOF MAINTENANCE

Bitumen Roof Waterproofing Compounds continue to represent exceptional value for flat roof weatherproofing and emergency repairs. Our range covers every application including Cromaprufe which is a liquid damp proof membrane.

BLACK BITUMINOUS PAINT

A general purpose paint for waterproofing and weather protecting steelwork, concrete.

Sizes:
1.0 | 2.5 | 5.0 | 25.0

ALLWEATHER ROOFING COMPOUND

Filled bituminous solution for overall waterproofing of roofs. Can be applied to dry surfaces all year round.

Sizes:
2.5 | 5.0 | 25.0

ROOFING FELT ADHESIVE

Cold applied bituminous adhesive for bonding successive layers of roofing felt.

Sizes:
1.0 | 2.5 | 5.0 | 25.0

BITUMINOUS PRIMER

Low viscosity bituminous primer for use on porous surfaces before remedial roof treatment, including pour and roll and torch-on felt applications. A quick drying version is also available.

Sizes:
1.0 | 2.5 | 5.0 | 25.0

ALUMINIUM PAINT (CONTRACTOR GRADE)

Economy version of Aluminium Paint.

Sizes:
1.0 | 2.5 | 5.0 | 25.0

TROWEL MASTIC

Heavy body bituminous mastic for sealing cracks and spills in roofing substrates and gutters.

Sizes:
1.0 | 2.5 | 5.0 | 25.0

COLD GRITTING ADHESIVE

Cold applied bituminous adhesive for bonding chippings to flat or low pitched roofs.

Sizes:
5.0 | 25.0

CROMAPRUFÉ

Rubberised bitumen emulsion. General purpose product used on walls and floors to prevent water ingress and dampness from the ground. Can also be used on roofs and as wood block floor adhesive.

Sizes:
2.5 | 5.0 | 25.0

ROOFING EMULSION

Bituminous emulsion containing fillers which provides all over waterproofing of roofs leaving a smooth finish.

Sizes:
5.0 | 25.0

QUICK DRYING BITUMINOUS PRIMER

Similar to our standard primer but contains a fast evaporating solvent.

Sizes:
5.0 | 25.0

ALUMINIUM PAINT

Bright aluminium, traditional, solar reflective coating suitable for application to bituminous roofing substrates.

Sizes:
5.0 | 25.0

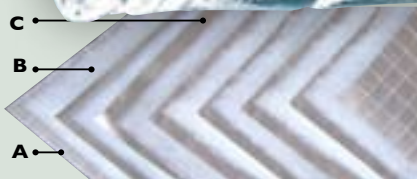

ALLWEATHER ALUMINIUM ROOF COMPOUND

Similar to Allweather Roofing Compound but provides an aluminium solar reflective finish in addition to waterproofing.

Sizes:
5.0
25.0

Multifoil M15

Radiant Barrier Multi-layer Insulation, for insulating over and under rafters in the roof

- A** 2 reinforced thermal reflective films
- B** 8 layers of synthetic wadding
- C** 5 inter-woven thermal reflective films

Technical Data

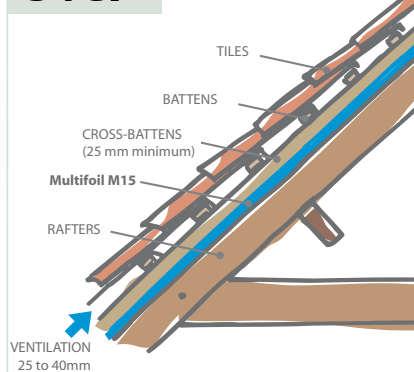

No Layers	15
Surface Area	15m ²
Weight Per Roll	15kg
Roll Width	1.5m
Roll Length	10m
Expanded Thickness	50mm
Compressed Thickness	5mm
*Pitch Roof U-Value	0.18W/m ² k
*Dependent on Construction	

Multifoil M15 is manufactured from numerous layers of high strength polyester, metallised polyester film and polyester wadding. Multifoil M15 seals your roof against all the elements whilst retaining ventilation, it prevents your roof space over-heating in summer, whilst retaining warmth in winter. The product is welded to ensure no perforations if all joints are sealed Multifoil M15 acts a vapour control barrier in one layer.

BENEFITS

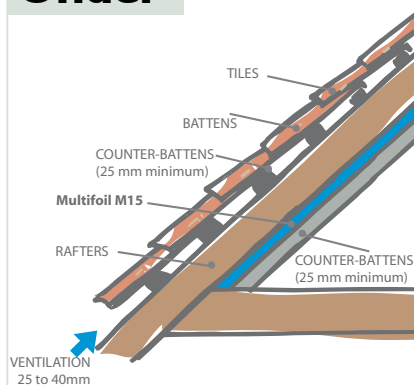

- Prevents roof over-heating in summer.
- Retains warmth in winter.
- Welded joints.
- Quality foil, guaranteed not to oxidise.
- Space saving rolls, ease of installation.
- Flexible, can fit the most difficult of roofs.
- Contains no toxic products.
- Clean, does not cause dust.
- Does not incur any allergies.
- High strength polyester, reinforced metallised polyester film and polyester wadding.

Over

Fitting time for the Multifoil M15 on structural woodwork from outside:
for 20m² = 50min • for 100m² = 240min

Under

Fitting time for the Multifoil M15 on structural woodwork from inside:
for 20m² = 60min • for 200m² = 300min

FLEXIM

Roof mortar developed in Europe, is a unique alternative to traditional cement mortars. FLEXIM is lightweight, ready for immediate use and can be applied simply and quickly without the inconvenience of mixing.

Size Available:

Height 100 x Length 500 x Width 35mm
Each box includes a free pair of gloves and 10 strips of Flexim
Trowelling Knives available

Coverage:

Dependant on tile type

Colours Available:

Black

Terracotta

Grey

Dark Brown

BENEFITS

- Ready to use - no mixing required
- BBA certificate applied for
- No wastage
- Environmentally friendly product
- Replaces traditional mortar for all areas of the roof
- Ease of use and time saving over traditional methods
- Outside layer fully hardened after 1 day
- Instantly waterproof
- Permanently flexible
- Various colours available
- Competitively priced

UNIVERSAL HIP & RIDGE KITS

Available in 3 m, 5 m and 6 m kits.

- 1 kit will do both Ridge and Hip application
- Patented ridge union design
- Universal ridge union works with most ridge tiles
- Pack includes ventilated ridge roll
- Available in 3m, 5m and 6m lengths
- 100mm coated fixing screws guaranteed to last a minimum 20 years
- Dry fixing - Application in all weathers
- Quicker and easier to install over the cement alternative
- Competitively priced
- Metal clamp not plastic
- Screws washers and clamps pre assembled for speedy installation

CROMAR FLASHING STRIP

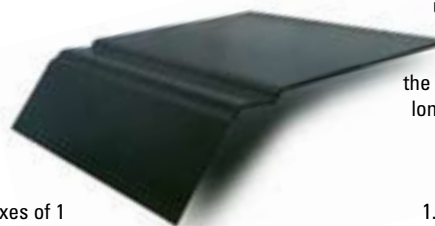

Self adhesive bitumen coated, heavy duty lead look finish for trade use.

- Sizes available:
- 50mm x 10m in boxes of 12
 - 75mm x 10m in boxes of 10
 - 100mm x 10m in boxes of 6
 - 150mm x 10m in boxes of 4
 - 225mm x 10m in boxes of 2
 - 300mm x 10m in boxes of 2
 - 450mm x 10m in boxes of 1
 - 600mm x 10m in boxes of 1

UNDERLAY SUPPORT TRAYS

A support tray to ensure any underlay is not carried into the gutter, and prevents water ponding behind the fascia. Therefore reducing long term maintenance to the eaves of a building.

Size available:
1.5M X 280mm (packs of 20)

PATINATION OIL

Specially developed to reduce unsightly staining and provides a pleasing appearance to newly applied lead sheet and flashings.

Sizes available:
500ml | 1 Litre

LEAD-FREE

Is a high performance low cost aluminium self adhesive flashing suitable for use as an alternative to traditional lead in both flat and pitched roof applications.

LEAD-FREE has a 15 year guarantee with a life expectancy in excess of 20 years.

TYPICAL APPLICATION

- Abutments
- Chimneys
- Dormers
- Saddles
- Soakers
- Stepped
- Valleys
- Windows/Rooflights
- Gutters
- Valleys/Gutters

BENEFITS

- Low cost
- Versatile
- Waterproof
- Durable
- Malleable
- Lightweight
- Easily Cut
- Easily Repaired
- No health and safety issues
- No re-sale value
- Alternative to traditional lead

BUILDING CHEMICALS

ADMIXTURES, SURFACE TREATMENTS AND BONDING AGENTS

An ideal variety of products for interior and exterior applications. This includes mortar tones in both liquid and powder form, to provide permanent colour to all types of mortar, renders and concrete. Alongside traditional mortar admixes, for ease of use and convenience.

MORTAR ADMIXTURE

To BS 4887, liquid admixture used in bricklaying and plastering mortars to aid workability.

Sizes:
1.0 | 2.5 | 5.0 | 25.0 | 200

INTEGRAL LIQUID WATERPROOFER

Designed to improve resistance and the ingress of water in renders, mortars and concrete.

Sizes:
1.0 | 2.5 | 5.0 | 25.0

FROSTPROOFER

Accelerator and plasticiser for use in structural and non-structural concrete.

Sizes:
1.0 | 2.5 | 5.0 | 25.0

3 in 1

Triple action admixture. Waterproofs, plasticises and retards to assist workability reduce water penetration and allow larger areas to be covered in one application.

Sizes:
0.5 | 1.0 | 2.5 | 5.0 | 25.0

WATER RESISTANT WOOD Adhesive

Easy to use wood glue that bonds to form a permanent and inseparable joint. Conforms to the requirements of the European Standard D3/3 and D3/4. Not suitable for joints subject to continuous water submersion.

Sizes:
500ml | 1.0 | 2.5 | 5.0 | 25.0

contract PVA BOND

A contractor grade Multi-use admixture and adhesive used as a bonding agent, sealer and admixture for concrete mortars and plasters, for use internally.

Sizes:
0.5 | 1.0 | 2.5 | 5.0 | 25.0

PVA BOND

Multi-use admixture and adhesive to BS5270 used as a bonding agent, sealer and admixture for concrete mortars and plasters, for use internally.

Sizes:
0.5 | 1.0 | 2.5 | 5.0 | 25.0

SBR BOND

A styrene butadiene synthetic rubber bonding compound with excellent waterproofing properties. To be used externally this reduces cracking and shrinking in repair and screeding mixes.

Sizes:
1.0 | 2.5 | 5.0 | 25.0

MOSS AND MOULD REMOVER

To treat and remove active mildew, fungi and moss.

Sizes:
1.0 | 2.5 | 5.0 | 25.0

PATIO CLEANER

An acid based solution for removing cement mortar stains from brick tiles, earthenware and patios.

Sizes:
1.0 | 2.5 | 5.0 | 25.0

BLOCK AND PAVING SEALER

A water based sealer for block paving and porous masonry. This reduces staining, loss of jointing sand and enhances appearance.

Sizes:
1.0 | 2.5 | 5.0 | 25.0

MORTAR TONE

Formulated to provide a permanent colour to all types of mortars, rendering, concrete and pointing.

Colours:
Brown | Black | Red
Sizes: (liquid)
1.0 | 2.5 | 5.0
Sizes: (Powder)
1kg

MASONRY DRY ROT KILLER

To destroy and prevent reinfestation by wood rotting fungi particularly dry rot.

Sizes:
2.5 | 5.0 | 25.0

STABILISING SOLUTION

Fine polymer emulsion which penetrates dusty, chalky and badly weather surfaces. Suitable for interior and exterior use.

Sizes:
2.5 | 5.0 | 25.0

CONCRETE HARDENER AND DUSTPROOFER

A reactive treatment for cement based flooring for new floors or to cure dusting on old poorly laid floors.

Sizes:
1.0 | 2.5 | 5.0 | 25.0

EXTERIOR WATER SEAL

Clear water proofing treatment for porous exterior surfaces such as brickwork and timber.

Sizes:
1.0 | 2.5 | 5.0 | 25.0

SEALANTS, ADHESIVES, FILLERS AND FOAMS

A range of silicone, polyurethane, butyl rubber and polysulphide sealants combined with specialist products such as Lead Seal, Maxistrength and Roof and Gutter Seal.

Colours:
White
Clear
Brown
Black

G.P. SILICONE

Universal
A competitively priced, high modulus silicone for use in all building applications. Contains fungicide.

Colours:
White
Clear
Brown

L.M.A. SILICONE

An extremely flexible low modulus acetoxyl (LMA) silicone sealant with adhesion and excellent weathering properties. Conforms to BS 5889A.

Colours:
White
Clear
Ivory

BATH AND SANITARY SILICONE

A high modulus acetoxyl curing silicone containing anti-fungal compounds to prevent mould growth in areas subject to high humidity levels, conforms to BS5889 (B).

Colours:
White
Clear
Brown
Black
Grey

BUILDING SILICONE

A low modulus neutral curing silicone that conforms to BS5889 (A), for sealing of construction and dilation joints and perimeter pointing around all types of frames.

Colours:
Black

ROOF AND GUTTER

(Butyl)
5 year life performance, butyl rubber waterproof sealant, specifically developed for repairing leaking gutters, downpipes and flashing. Also suitable for bedding roofing sheets and felts.

Colours:
White
Clear
Brown
Black

CONSTRUCTION SILICONE

A Fast curing construction graded silicone that conforms to BS 5889 ideal for a variety of general building and glazing trade applications.

Colours:
White
Brown
Clear
Black

The Business MS POLYMER

An all round durable, flexible adhesive and sealant based on MS Polymer technology. Has excellent adhesion to non-porous surfaces and is paintable with most paints. This product is odourless, neutral and free from isocyanates.

Colours:
Grey

LEAD SEAL

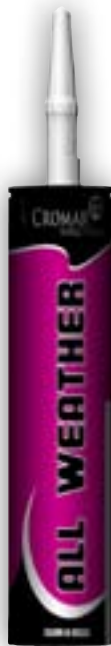

A low modulus silicone specifically designed for use when sealing lead.

Colours:
White
Magnolia

DECORATORS CAULK

A flexible water based filler and sealant that is easily applied, dries quickly and can be overpainted after 1-2 hours. For sealing and filling gaps and cracks where movement can occur, such as those between plasterwork, window frames, door frames, skirting boards and architraves.

Colours:
Clear
Black
Gray

ALL WEATHER SEALANT

A universal CO-Polymer sealant that can be used for a wide range of sealing and weatherproofing applications around home and in industry. Can be applied in wet weather.

Colours:
White
Brown
Beige

ACRYLIC FRAME SEALANT

For sealing and filling gaps and cracks where movement can occur, such as those between plasterwork, window frames, door frames, skirting boards and architraves.

FOAM - HAND GRADE

An easy to use, Polyurethane based Expanding Foam for general Construction and Home improvement applications.

Sizes:
500ml | 750ml

FOAM - GUN GRADE

Must only be used with a gun grade applicator of NBS system dispensing gun.

Sizes:
750ml

FOAM CLEANER

P.U. Foam Cleaner is a unique, multi function cleaner, that is designed to digest and remove uncured P.U. Foam, from the majority of gun grade, and hand-held P.U. Foam applicators.

Sizes:
500ml

GRIPSTICK

High performance solvent based gap filling adhesive.

Sizes:
310ml
350ml

SUPERGRIP

(Solvent free)
10 year life performance water based panel adhesive. Solvent free with excellent adhesion qualities. Replace nails and screws in a multitude of bonding applications.

INTUMESCENT ACRYLIC SEALANT

An intumescent acrylic fire sealant that swells when exposed to temperatures in excess of 150°C to prevent the passage of fire and smoke. Fire rated to BS 476 part 20. Available in white 310ml cartridges.

SPECIALIST SILICONES

Glazing Silicone

High Temperature Silicone

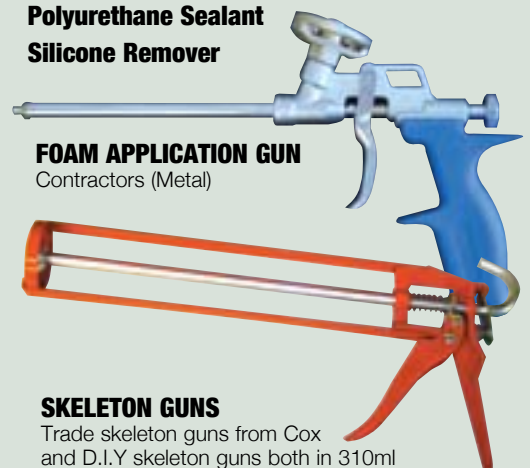

Aquarium Silicone

Mirror Adhesive

Polysulphide Sealant (All colours)

Polyurethane Sealant

Silicone Remover

FOAM APPLICATION GUN

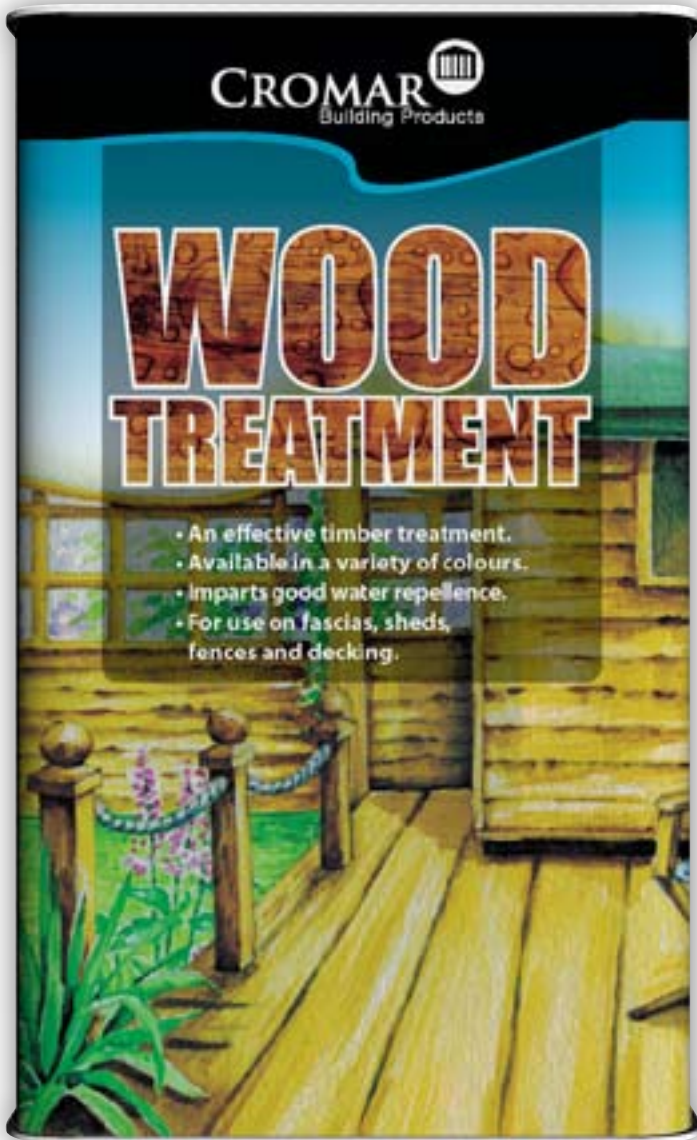

Contractors (Metal)

SKELETON GUNS

Trade skeleton guns from Cox and D.I.Y skeleton guns both in 310ml and 400ml.

TIMBER TREATMENTS

SOLVENT AND WATER BASED SOLUTIONS FOR WOOD

WOOD TREATMENT

Solvent based decorative wood treatment ideal for use on fences and sheds.

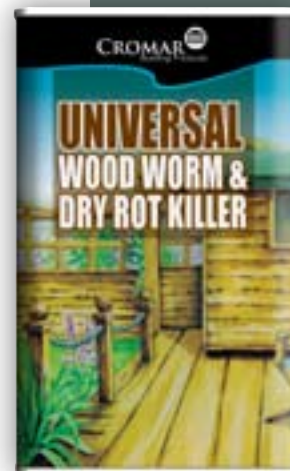

Colours available:

- DARK BROWN
- LIGHT BROWN
- RED CEDAR
- EMERALD GREEN
- RICH MAHOGANY
- CLEAR

Sizes:

1.0 | 2.5 | 5.0
25.0 | 200.0

The Cromar `Timbercare` range has been extended further in support of our well-established product Creotreat®. Whether you need a traditional, solvent timber treatment, a commercial woodworm and dry rot killer or a D-I-Y water-based timber protector, the Timbercare range has a product to answer your needs "and we can provide handy 4 inch brushes to do the job too".

UNIVERSAL Wood Worm and Dry Rot Killer

Solvent based wood treatment combined with a woodworm killer, a clear solution, can be used internally, ideally suited for treating timber prior to decorating.

CREOTREAT®

Petroleum based timber treatment and stain for all wooden fences and sheds.

Size:

4 litre, 25 litre, 200 litre

CREOTREAT 4" BLOCK BRUSHES

For use in conjunction with Creotreat and Fence Treat.

Fence Treat - Brush or Spray

Is a water based decorative timber treatment that brings to life the colour of new or previously treated timber. It is ideal for use on sheds, fences, timber posts and gates. An economical treatment that is harmless to animals and plants.

Colours available:

- DARK BROWN
- LIGHT BROWN
- RED CEDAR
- EMERALD GREEN

ROOFING FELTS & DAMP PROOFING

TRADITIONAL FELTS, TORCH ON, DPM, DPC & TANKING MEMBRANE

A comprehensive range of SBS, APP and traditional roofing felts. Our products cover all specification options, whether the need is for high performance, torch-on or traditional pour and roll felts.

Cromar DPC's and DPM's can be used for traditional housing grade damp-proofing through to high performance tanking applications - with three British Board of Agreement Certificates in support of our products.

CROMASEAL 100
Self adhesive tanking membrane.
Sizes
20m x 1m

TPS
Temporary protective sheeting.
Sizes
4 x 25m

DAMP PROOF MEMBRANE
Building film to BBA standard.
Sizes
4 x 25m

PITCH POLYMER DPC (20m Roll)
Available in pitch free and home grade options.
sizes from
100 - 600mm.

BITUMEN DPC (8m Rolls)
Traditional type bituminous DPC.
sizes from
100 - 450mm.

POLYTHENE DPC (30m Rolls)
Economical DPC for D.I.Y. use.
sizes from
100 - 610mm.

TILE ADHESIVES, DECORATING SUNDRIES

AND GENERAL PRODUCTS

WATER RESISTANT TILE ADHESIVE

Ready mixed water resistant wall tile adhesive to BS5980 Type 2 class AA. Use in areas with frequent water contact. Contains fungicide.

Sizes:
1 Litre | 2.5 Litre | 5 Litre | 10 Litre

NON SLIP TILE ADHESIVE

To BS5980 Type 2 class B acrylic based ready mixed wall tile adhesive, excellent grab and non-slip properties. Contains fungicide.

Sizes:
1 Litre | 2.5 Litre | 5 Litre | 10 Litre

FIX AND GROUT

A ready mixed water resistant adhesive to BS5980 Type 2 class AA. Does not require grout and dries to a white finish. Suitable for all areas.

Sizes:
1 Litre | 2.5 Litre | 5 Litre | 10 Litre

POWDER WALL TILE GROUT

Sizes:
0.5kg | 1kg | 3kg

SELF LEVELLING FLOOR COMPOUND

Portland cement based self smoothing underlayment designed for use as a levelling compound. To be used in conjunction with Cromar Latex Liquid.

Size:
20kg

LATEX LIQUID

For use with Self Levelling Flooring Compound to give a highly flexible and durable application.

Size:
1 Litre | 2.5 Litre | 5 Litre | 25 Litre

RAPID SET FLOOR / WALL TILE ADHESIVE
