Technical Note

Em-Vent Fireman's Priority Switch (EVSFPS)

Product Description

Em-Vent Smoke Fireman's Priority Switch is easy to install and operate. It is developed to be used together with the Em-Vent Smoke Control Panel Systems. The unit has highest priority and will allow firemen to override any other alarm activations.

Blue LED indicates status of the smoke vent open or closed. Only one unit can be fitted to each panel.

The system must be reset from either the Em-Vent Smoke Manual Control Point or the Em-Vent Smoke Control Panel.
