HIPPO®

INTRODUCTION

Established in 2004, Temb  DIY and Building Products Ltd is a British company based in Doncaster. We're really passionate about our uncomplicated approach to business and making great quality products for professional and DIY users through our brands HIPPO® and FILLTITE®.

Strange Name?

We're proud to share our name with Temb  Elephant Park, a 300 square kilometre reserve located in Africa between Zululand and Mozambique. It's an inspirational place where the busy modern world ceases to exist. The Temb  people are ancestral custodians of the area and are famous for their friendship and warm hospitality.

WHERE TO BUY

Our products are widely stocked throughout our customer network of fantastic wholesalers, builders merchants and retail outlets located across Great Britain and Europe.

If you're a contractor, tradesman or consumer please contact us and we'll let you know the location of your nearest stockist.

ASSURED QUALITY

We understand that trusted quality is increasingly important to our customers and end users. Temb  operates an ISO 9001 quality system accredited by the British Standards Institute. Many of our products are CE approved and carry the appropriate accreditations.

BE PREPARED FOR GREAT RESULTS!

The original and best all round carpet protector with bigger, better performance.

A self adhesive film to protect carpet from damage during decorating and building work. For use on any type of carpet, no tools required just drop in place and kick out to lay down.

Leave in place for up to 28 days to replace traditional, awkward and dangerous dust sheets. The low slip surface creates a safe working environment and removes easily leaving no residue.

- Suitable for all carpets.
- Self adhesive & reverse wound so no tools are required.
- Fire retardant - meets commercial fire regulations.

HIPPO PRO3® is a unique hybrid polymer. It's designed to deliver incredible, reliable and all round 3 in 1 performance for trade professionals. Use it to quickly stick, seal or fill virtually anything in even the most demanding conditions. It can be used in extreme temperatures, wet environments and will even cure while under water!

PRO3® is odorless and does not contain solvents or any harmful VOC's so it's much safer and more pleasant to use than traditional solvent based adhesives and silicone sealants.

The FILLTITE High Performance Wood Filler system is a range of products geared towards delivering incredibly strong repairs to rotten and damaged wood located either inside or outside.

It's easy to mix and apply, hardens from just 20 minutes, is easy to sand, stain-able and long lasting. Once dry it's actually stronger than wood.

FILLTITE is the leading independent wood filler brand and is available in a wide range of pack sizes and colours.
